The use of your information for these purposes is lawful for the following reasons:

- The Academy Trust is under a legal obligation to collect the information or the information is necessary for us to meet legal requirements imposed upon us such as our duty to safeguard pupils.
- It is necessary for us to hold and use your information for the purposes of our functions in providing schooling and so we can look after our pupils. This is a function which is in the public interest because everybody needs to have an education. This means we have a real and proper reasons to use your information.
- We will not usually need your consent to use your information. However, if at any time it appears to us that we would like to use your personal data in a way which means that we would need your consent then we will explain to you what we want to do and ask you for consent. This is most likely to be where we are involved in activities which are not really part of our job as an Academy Trust but we are involved because we think it would benefit our pupils. If you give your consent, you may change your mind at any time. If we think that you will not understand what we are asking then we will ask your parent or carer instead. Usually, we will involve your parents even if you can make your own decision.

How we collect pupil information

When we collect personal information on our forms, we will make it clear whether there is a legal requirement for you / your parents to provide it and whether there is a legal requirement on the academy or trust to collect it. If there is no legal requirement then we will explain why we need it and what the consequences are if it is not provided.

We will also obtain information from your previous school, usually via secure file transfer such as the Common Transfer File (CTF) from your previous school.

Pupil data is essential for the schools' operational use. Whilst the majority of pupil information you provide to us is mandatory, some of it requested on a voluntary basis. In order to comply with the data protection legislation, we will inform you at the point of collection, whether you are required to provide certain pupil information to us or if you have a choice in this.

We are required, by law (under regulation 5 of the Education (Information about Individual Pupils) England Regulations 2013, to pass some information about our pupils to the Department for Education (DfE). The DfE may also share information about pupils that we give to them, with other people or organisations. This will only take place where the law, including the law about data protection allows it.

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information about Individual Pupils) (England) Regulations 2013.

To find out more about the pupil information we share with the department, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

To find out more about the NPD, go to [National pupil database: user guide and supporting information - GOV.UK](#).

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
